

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, January 4, 1961

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., January 4, 1961, in the Mayor's office.

Commissioner Fink, Chairman of the Board, presided.

Present—Commissioners Ansley, Bintz, Fink, Lee, Oeming and Ray—6.

Absent—Commissioners Crist and McClure—2.

The meeting was called to order by Mr. Fink.

The minutes of the previous meeting were approved as printed.

Miss Limber, daughter of William Limber, the owner of Capital Laundry on W. Saginaw Street, was present to represent her father in a discussion of the air pollution problem caused by the laundry. Miss Limber indicated that they are willing to cooperate with this Board in correcting the problem. Mr. Ansley made a motion that the Board cooperate with Capital Laundry and that the Air Pollution Engineer get in touch with Duane Kress, a steam generator manufacturer representative and arrange a meeting to determine what the manufacturer's recommendations are to clear up this problem.

Motion seconded and carried.

The Board discussed the request made to the Engineer from the City Council on property owned by the railroad on the North side of the New York Central right of way from Logan Street to Holmes Road. Mr. Pesterfield inspected this property and can find no evidence of air pollution.

The Board instructed him to contact Councilman Bradshaw who made the request to the Council to see what was meant by this request.

Mr. Pesterfield reported that he has set up fall-out stations at Atlas Drop Forge, but so far there have been no conclusive results. He has been informed by Mr. Kiewit of National Bituminous Coal Assn. that the Wicks Boiler Co. who made the boilers at Atlas quit making these boilers forty years ago.

Mr. Oeming made a motion that Mr. Pesterfield request an up to date inspection report on the boilers at Atlas Drop Forge from the Department of Labor, Mr. Bintz seconded the motion.

Motion passed.

Mr. Pesterfield reported that he had no more complaints from the area of the School for the Blind.

He further reported that he has checked the Industrial Laundry as per the request of Councilman Black and that there is no cause for complaint in this area.

The question of the ordinance regulating the disposal of garbage was discussed. Following the discussion Mr. Ray moved that the Chairman get a definition from the Ordinance Committee of the mechanics of the garbage ordinance. Mr. Ansley seconded the motion.

Motion carried.

The next meeting was scheduled for February 8, 1961, at 7:30 p.m. in the Mayor's office.

The meeting adjourned at 8:30 p.m.

LANSING AIR POLLUTION
CONTROL BOARD,

Henry E. Fink, Chairman,
Catherine A. Badelt, Secy.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, February 8, 1961

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., February 8, 1961, in the Mayor's office.

Commissioner Fink, Chairman of the Board, presided.

Present—Commissioners Bintz, Fink, Lee, Oeming and Ray—5.

Absent—Commissioners Ansley, Crist and McClure—3.

The budget for the fiscal year June 30, 1961, to June 30, 1962, was discussed and it was decided that the present budget was adequate and that next year's budget estimate would be submitted in the same amounts.

Mr. Pesterfield reported that the results of two fall-out tests run five days apart in the neighborhood of the Atlas Drop Forge were negative. During the last month he made a request for an up to date boiler inspection report at Atlas Drop Forge from the Department of Labor and that in a letter from the Department they informed him that this was out of their jurisdiction since it involved combustion equipment and not the validity of the boiler to be able to withstand the ASME code requirements.

Mr. Pesterfield reported that he had received a letter from the U. S. Public Health Service in Cincinnati thanking us for our cooperation in the National Air Sampling Network which has been completed for 1960. The results will be sent us as soon as they are tabulated.

The results of the fall-out stations around the School for the Blind did not indicate severe atmospheric contaminations. Recent requests that another investigation be made indicated that some fly ash accumulations can be found on the snow;

however, this accumulation does not compare with many other areas in the city.

Mr. Pesterfield and Mr. Kress from Cleaver-Brooks inspected the boiler at Capital Laundry. Mr. Kress' recommendations for correction of the air pollution problem in this area will be submitted very shortly. The Dard Co. called Mr. Pesterfield and said they have talked with Miss Limber at Capital about firing the boiler with gas. This is an oil designed boiler and firing it with gas will only present future problems. Mr. Ray made a motion that we refer the Council to the progress reported in the minutes of our January 4, 1961, meeting and that when the recommendations are forthcoming we will follow up on it and inform the Council. Mr. Lee seconded the motion.

Motion carried.

Mr. Pesterfield informed the Board that Councilman Preuss complained to him about the contamination in the vicinity of Novo Engine Co. This company is in an area zoned industrial. Continued investigation will be made to ascertain the validity of the complaint.

In lieu of official complaint the Board instructed the engineer to investigate the alleged pollution problem in the vicinity of Mt. Hope School.

The next meeting was scheduled for March 8, 1961, at 7:30 p.m. in the Mayor's office.

The meeting adjourned at 8:30 p.m.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, March 8, 1961

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., March 8, 1961, in the Mayor's office.

Commissioner Fink, Chairman of the Board, presided.

Present—Commissioners Ansley, Bintz, Fink, Lee, Oeming and Ray—6.

Absent—Commissioners Crist and McClure—2.

The Board discussed the recent complaint against Atlas Drop Forge made to Mayor Crego and the members of the City Council by James F. Grenawalt. Mr. Bintz made a motion to invite the manager of the Atlas Drop Forge, their attorney and the complainant to appear before this Board at the next regularly scheduled meeting to be held April 5, 1961, in accordance with Rule 9 of the Rules of Procedure governing this Board.

Motion seconded.

Motion carried.

The Board acknowledges receipt of a copy of a letter dated February 24, 1961, from Mr. Polley, controller of the Department of

Administration of the State of Michigan, to the City Attorney, in which Mr. Polley states that \$3,000 is included in the Governor's recommended capital outlay budget for the expansion of the heating facilities at the School for the Blind.

Mr. Pesterfield reported that while in Chicago the last part of February he discussed with Mr. Kress from Kress Engineering in Grand Rapids what had been done toward correcting the difficulties at Capital Laundry. He was informed that there would soon be a communication to the Board through him stating specifically what recommendations had been made. The Board requested that the engineer report to them at the next meeting on the recommendations made by Mr. Kress regarding the Capital Laundry.

The next meeting was scheduled for April 5, 1961, at 7:30 p.m. in the Mayor's office.

The meeting adjourned at 8:30 p.m.

LANSING AIR POLLUTION
CONTROL BOARD.

Henry E. Fink, Chairman
Catherine A. Badelt, Secretary

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, April 5, 1961

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., April 5, 1961, in the Mayor's office.

Commissioner Fink, Chairman of the Board, presided.

Present—Commissioners Ansley, Bintz, Fink, Lee, Oeming and Ray—6.

Absent—Commissioners Crist and McClure—2.

Mr. G. H. Fromer, General Manager of Atlas Drop Forge, and four members of his staff attended this meeting to listen to the complaint recently filed with the City Clerk by James F. Grenawalt of 2016 Forest Ave., Lansing. Mr. Grenawalt was also present.

Mr. Pesterfield, Air Pollution Engineer, told the members of the Board what had been done to try to correct this situation.

The Air Pollution Board ordinance was discussed as to what constitutes the nuisance standard in the ordinance.

Mr. Grenawalt's main complaint is in painting his home every three years. Mr. Grenawalt stated that he has requested through his councilman that this be brought to the attention of the proper authorities. He stated that he asked Mr. Pesterfield how to bring this before the Board and the Council. He stated he made a written complaint August 20, 1960, to the City Clerk in regard to smoke nuisance and eight weeks passed before he called the Mayor.

The Mayor then called Mr. Pesterfield who had not had the authority to make the investigation because the complaint had not left the City Clerk's office. He asked him to make investigations as soon as he possibly could.

In December Mr. Pesterfield set up equipment in Mr. Grenawalt's backyard. A report of negative fall-out was made February 8, 1961, to the City Council. On February 24 Mr. Grenawalt wrote a letter to the Mayor and the City Council after which this meeting was called.

Mr. Grenawalt contends that having this situation is a nuisance, both to convenience and financially.

Mr. Fink, Chairman of this Board, stated that the Board is bound by the fact that we can only recognize the actual complaint before the Board. He asked the representatives of the Atlas Drop Forge if they have investigated all possibilities of alleviating the nuisance and further asked them if there is any way the Board can request or assist them in alleviating the fly ash.

Mr. Fromer wanted to know to what degree Atlas Drop Forge is creating a nuisance.

Mr. Grenawalt said the nuisance is financial and in the work involved.

Mr. Ray suggested the Board establish the degree of nuisance.

Mr. Fink asked Mr. Pesterfield what degree or amount of fall-out would be considered a nuisance.

Mr. Pesterfield stated that the degree of nuisance is left up to the Board of each individual city and that the Council of Air Pollution Control Association has refused to establish any standard for nuisance and has instructed all participating agencies to be lenient and practical in setting up nuisance levels. Anything higher than average found by the National Air Sampling Survey is considered a complaint.

Mr. Oeming stated that this was an exploratory conference to listen to Mr. Grenawalt's complaint and to have the representatives of Atlas Drop Forge hear it.

Mr. Fink summarized the results of this meeting in that Atlas has agreed to explore possibilities to alleviate this complaint with the help of the National Coal Association.

Mr. Fromer and his staff and Mr. Grenawalt then left the meeting.

Mr. Pesterfield reported to the Board that he had contacted Clever-Brooks and Kress Engineering and they have told him that in due time they will get their report out on Capitol Laundry.

The Board discussed the advisability of purchasing equipment for two fall-out stations. Mr. Ansley made a motion to request that the current budget request be amended to include \$400 for two fall-out stations and that Mr. Pesterfield be instructed to

prepare a letter of justification pointing out the necessity for and the proposed uses of such equipment.

Motion seconded.

Motion carried.

The next meeting was scheduled for May

3, 1961, at 7:30 p.m. in the Mayor's office.

The meeting adjourned at 9:15 p.m.

LANSING AIR POLLUTION
CONTROL BOARD.

OFFICIAL PROCEEDINGS OF THE BOARD OF PUBLIC SERVICE OF THE CITY OF LANSING

Proceedings, April 5, 1961

Meeting called to order by Chairman
Milks at 7:30 p.m.

Present: Messrs. Dibble, Milks, Tietz,
Walker, Woodmancy—5.

Absent: Messrs. Reniger, Rhead, Stabler
—3.

Messrs. Reniger, Rhead and Stabler were
excused from the meeting.

Minutes of the previous meeting were
approved as printed.

GENERAL BUSINESS

Communication from Jesse Harvey rela-
tive to sale of property on Roselawn.

Referred to the Committee on Streets
and the Director of Public Service.

Letter from the Needs Corporation re-
garding flag holders.

Referred to the Director of Public Service
for study.

Letter from Ingham County Health De-
partment relative to sewer on Massachu-
setts Avenue.

Referred to Director of Public Service
for reply.

Petition referred from City Council, to

vacate the alley between High and New
York, from Whyte to north end of alley.

Motion by Mr. Tietz, supported by Mr.
Walker that the Board recommend to the
City Council that the alley be vacated sub-
ject to any utility rights and that the prop-
erty revert to the abutting property owners.

Carried.

Motion by Mr. Woodmancy, supported by
Mr. Walker that the plans and specifica-
tions for the overpass at William and Lo-
gan as prepared by the Public Service De-
partment be approved with an estimated
cost of \$15,400.00, and that the plans and
estimate be submitted to the City Council.

Carried.

Motion by Mr. Tietz, supported by Mr.
Dibble that the Board recommend to the
City Council that a sanitary sewer be
ordered constructed to service the north
portion of Delta Street.

Carried.

Motion by Mr. Tietz, supported by Mr.
Walker that the Board of Public Service
recommend to the City Council that ap-
proval be given to the Board of Water &
Light to dedicate certain portion of their
property for street purposes in the proposed
plat on N. Homer Street as amended.

Carried.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, May 3, 1961

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., May 3, 1961, in the Conference Room on the 10th Floor, City Hall, Lansing.

Commissioner Fink, Chairman of the Board, presided.

Present—Commissioners Ansley, Bintz, Crist, Fink, Lee, Oeming and Ray—7.

Absent—Commissioner McClure—1.

Mr. Pesterfield, Air Pollution Engineer, reported that he has again contacted Clever-Brooks Company regarding their report on Capital Laundry and that their sales manager said he would expedite the report as quickly as possible.

The National Coal Association engineer called Mr. Pesterfield when he was in Lansing to call on the Atlas Drop Forge. He assured Mr. Pesterfield that the coal supplier or the National Coal Association would let us know what could be done at Atlas to alleviate the fly-ash problem.

The Board acknowledged receipt of a letter from Miss Bertha Harmon regarding fall-out from Atlas Drop Forge and instructed the engineer to contact her and tell her what has been done.

Councilman Preuss appeared before the Board and told of the numerous complaints he has been receiving from his constituents regarding the fly-ash from Centrifugal Fusing. Mr. Oeming told the Board that sometime ago he and our engineer discussed this matter with representatives from Campbell, Wyant and Cannon Foundry Company of Muskegon, the parent company, and that they agreed that further changes would be made to improve this problem. Mr. Pesterfield told the Board that visual observations in the past several months show that

the condition is worse than it has been in the last two years and he has had numerous complaints from the area. He has instructed the principal at High Street School where the fall-out is extremely heavy to contact the Superintendent of Schools when the fall-out is bad. Mr. Pesterfield reviewed the methods of correcting the problem that he has suggested to the Company in the past. Mr. Oeming moved that the Board address a letter to the President of Campbell, Wyant and Cannon calling to their attention their letter of September, 1959, in which they agreed to try to improve the situation and telling them of the complaints we are getting from the neighborhood of the Centrifugal Fusing and the outlook for the future and asking them to take a look at this matter. Motion seconded. Motion carried. The Board instructed the Engineer to set up a fall-out station at the High Street School to measure effluent in the vicinity.

Mr. Pesterfield reported that the Davison Chemical Company has extended one of their stacks 30 feet higher and that they intend to extend the other stack. This should alleviate many of the complaints that the Board receives from this area.

Mr. Ansley made a motion that the Engineer be allowed to attend the Air Pollution Council meeting in June in New York City.

Motion seconded. Motion carried.

The next meeting was scheduled for June 7, 1961, at 7:30 p.m. in the 10th Floor Conference Room.

The meeting adjourned at 8:35 p.m.

LANSING AIR POLLUTION
CONTROL BOARD

Henry E. Fink, Chairman
Catherine A. Badelt, Sec'y.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, June 21, 1961

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., June 21, 1961, in the Conference Room on the 10th Floor, City Hall, Lansing.

Commissioner Fink, Chairman of the Board, presided.

Present—Commissioners Ansley, Bintz, Crist, Fink, Lee and Ray—6.

Absent—Commissioners McClure and Oeming—2.

Mr. Pesterfield reported that he had been contacted by the Fire Marshal regarding air pollution at Barnes Avenue Floral, 725 W. Barnes, Lansing, and that after an investigation he found an air pollution and nuisance problem did exist. Mr. and Mrs. Donald J. Duckworth, the complainants, and Mr. Joseph Cavicchioni, the owner of Barnes Avenue Floral, appeared before the Board to discuss the problem. Mr. Cavicchioni told the Board that after he became aware of the problem he contacted Rankin Lewis Trucking and they are picking up the offensive material three times a week. Mr. Pesterfield told the Board that in the past in cases of burning of this sort without control he has recommended that a gas fired incinerator be installed and in some cases that after-burners also be installed. The members of the Board agreed that so long as Mr. Cavicchioni continues to have the offensive material hauled away and does not burn it that they would not ask him to install such an incinerator and would consider the complaint settled. Mr. and Mrs. Duckworth agreed with the Board and said they had no further complaint at this time.

Mr. Pesterfield reported that the Animal Shelter on Sunset is presenting an air pollution problem because they use an incinerator without an after-burner. He told the Board that he will call Parker Machinery Company in Grand Rapids to make recommendations on the installation of an after-burner.

Mr. Fink asked for nominations for Chairman of the Board. Mr. Ray was nomi-

inated and elected unanimously. Mr. Fink then asked for nominations for Vice Chairman. Mr. Ansley was nominated and elected unanimously. A motion was made, seconded and carried that the present engineer, C. H. Pesterfield, and the present secretary, Catherine Badelt, be reappointed for another year beginning July 1, 1961.

Mr. Pesterfield told the Board that he has talked with Mr. Ballman, executive secretary of the National Coal Association, and was told that the Atlas Drop Forge matter would be handled by their Cincinnati agent and that the Board should hear from him soon.

Mr. Ansley made a motion that the Air Pollution Engineer proceed with the purchase of two fall-out stations as provided for by the City Budget. Mr. Bintz seconded the motion.

Motion carried.

The Board discussed the rendering of an invitation to the City Attorney to attend a future meeting to define the legal status of the Air Pollution Board and the procedure to be followed for prosecution when it is necessary.

The next meeting is scheduled for Wednesday, August 2, 1961 at 7:30 p.m. in the 10th Floor Conference Room.

The meeting adjourned at 8:40 p.m.

LANSING AIR POLLUTION
CONTROL BOARD

Henry E. Fink, Chairman
Catherine A. Badelt, Secretary

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, August 2, 1961

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., August 2, 1961, in the Conference Room on the 10th Floor, City Hall, Lansing.

Commissioner Ray, Chairman of the Board, presided.

Present—Commissioners Ainsley, Bintz, Crist, Lee, Oeming and Ray—6.

Absent—Commissioners Fink and McClure—2.

Guest—Councilman Milks.

Chairman Ray appointed Commissioners Ainsley, Bintz and Crist as a Committee on Public Relations.

Due to the resignation of Catherine Baddelt, it was necessary to appoint a new Secretary. It was moved by Mr. Bintz, seconded by Mr. Ainsley, that Mrs. Norma Donovan be appointed Secretary.

Motion carried.

There was a discussion of manuals for new members of the Board. Mr. Bintz moved and Mr. Ainsley seconded, that Mr. Pesterfield take steps to procure a manual on air pollution for distribution to all members.

Motion carried.

Councilman Milks presented a petition from citizens in the area of Capital Laundry. Mr. Pesterfield discussed the situation. It was moved by Mr. Ainsley, seconded by Mr. Crist, that the Engineer be directed to ascertain the facts, notify the petitioners of the facts and report to the Board at the next meeting for their action.

Motion carried.

Mr. Pesterfield reported on the situation at the Animal Shelter. It was moved by Mr. Oeming, seconded by Mr. Bintz, that the Engineer be directed to cooperate with those in charge of the Shelter in any way possible to correct the situation.

Motion carried.

Mr. Pesterfield reported that it has been necessary for Motor Wheel to take their large boiler out of service temporarily. This necessitates use of the oil boilers and has resulted in some complaints.

There was discussion of the situation at Davison Chemical Company. It was moved by Mr. Oeming, seconded by Mr. Lee, that an abstract of proceedings of meetings of the Board concerning Davison Chemical Company be prepared. The abstract is then to be presented to Mayor Bowerman and Attorney Warren for an opinion.

Motion carried.

Our next meeting will be held September 20, 1961, at 7:30 p.m., in the Conference Room, 10th Floor, City Hall.

It was decided to invite Mayor Bowerman and Attorney Warren to attend.

Commissioner Ray asked that the Public Relations Committee contact other council members or interested parties in the city to invite them to attend Board Meetings.

The meeting adjourned at 8:35 p.m.

LANSING AIR POLLUTION
CONTROL BOARD

Marvin Ray, Chairman

Norma Donovan, Secretary

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, September 20, 1961

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., September 20, 1961, in the Conference Room, 10th Floor, City Hall, Lansing.

Commissioner Ray, Chairman of the Board, presided.

Present—Commissioners Ainsley, Bintz, Lee, Oeming and Ray—5.

Absent—Commissioners Crist, Fink and McClure—3.

Guests—Mr. and Mrs. Henderson and Mr. and Mrs. Myers.

The minutes of the previous meeting were approved as printed.

Mr. and Mrs. Henderson and Mr. and Mrs. Myers presented a complaint regarding soot, lint and fly ash in the neighborhood of the Industrial Laundry. Mr. Pesterfield discussed his findings. Mr. Bintz moved and Mr. Lee seconded that the matter be referred to Mr. Pesterfield for further action.

Motion carried.

Mr. Pesterfield requested permission of the Board to ask Capital Laundry to appear before the Board to show cause why they should not be cited for violation of Ordinance 267. It was so moved by Mr. Bintz, seconded by Mr. Lee. It was also recommended that they be advised to bring their attorney.

Motion carried.

Mr. Pesterfield reported on the status of the National Coal Association's study at Atlas Drop Forge.

Mr. Pesterfield reported that we have had no reply to Mr. Fink's letter to Campbell, Wyatt and Cannon regarding Centrifugal Fusing. Mr. Pesterfield was instructed to contact them again.

Mr. Pesterfield reported on a complaint regarding Sparrow Hospital. This is an incineration problem. Mr. Pesterfield will investigate.

Complaints were received regarding Lewis Fuel and Martin Block Company. Mr. Pesterfield was instructed to investigate.

Mr. Pesterfield reported that the fallout equipment has arrived and a station will be set up soon.

The next meeting will be held October 25, 1961, 7:30 p.m., in the Conference Room, 10th Floor, City Hall.

The meeting adjourned at 8:30 p.m.

AIR POLLUTION CONTROL
BOARD

Marvin Ray, Chairman
Norma Donovan, Secretary

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, October 25, 1961

November 25, 1961.

A regular meeting of the Air Pollution Control Board was held at 7:30 p.m., October 25, 1961, in the Conference Room, 10th Floor, City Hall.

Commissioner Ray, Chairman of the Board, presided.

Present: Commissioners Ainsley, Bintz, Crist, Fink, Lee and Ray.

Absent: Commissioners McClure and Oeming.

The first order of business was a show cause hearing involving Capitol Laundry. Present for the company were Mr. Nick Limber and Mr. Gus Kavalakis and Mr. Tom Sinas, attorney for the company. Also participating in the meeting were a number of petitioners from the neighborhood—Mr. and Mrs. Dosh, 721 Durant; Mrs. Elsner, 722 Durant; Mr. and Mrs. Zoss, 726 Durant; and Mrs. Neal Roberts, 733 Durant.

After a good deal of discussion by all parties, the guests were invited to leave. The Board then voted to cite the management of Capitol Laundry for violation of Ordinance 267 and directed the Chairman to refer the matter to the City Attorney for legal action with copies of this letter to be sent to Mayor Bowerman and the City Council.

Mr. Pesterfield reported receipt of the National Coal Association report regarding Atlas Drop Forge. This report is to be circulated before any action is taken.

Mr. Pesterfield reported that the problem at the Animal Shelter should be eliminated in the near future with conversion of present equipment.

Mr. Pesterfield reported that the problem at Sparrow Hospital should be eliminated on installation of new equipment which will be ordered shortly. At this time there is no action required by the Board.

A reply to Mr. Fink's letter of May 17 has been received from Mr. R. L. Lindland, President of Campbell, Wyatt and Cannon. He informed the Board that Mr. Collier is manager of Centrifugal Fusing and has been instructed to follow through. Since no communication has been received from Mr. Collier, the Board instructed the Engineer to contact Mr. Collier to clarify the situation.

The Engineer reported that the complaint against Lewis Fuel Company could be solved very easily and the Board instructed him to so inform the company at his earliest convenience.

Mr. Pesterfield reported that they are still awaiting the Boiler Inspector's visit before completion of the case involving Industrial Laundry.

The next meeting of the Board is to be held Wednesday, November 29, 1961, at 7:30 p.m. in the 10th Floor Conference Room, City Hall.

The meeting adjourned at 9:00 p.m.

Respectfully submitted,

MARVIN RAY,
Chairman.

NORMA DONOVAN,
Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, November 29, 1961

The regular meeting of the Air Pollution Control Board was held Wednesday, evening, November 29, 1961, at 7:30 p.m., in the Mayor's Conference Room, 9th Floor, City Hall.

Commissioner Ray, Chairman of the Board presided.

Present: Commissioners Ansley, Fink, Lee, Oeming and Ray.

Absent: Commissioners Bintz, Crist and McClure.

Commissioner Ray presented a request for a hearing before the Board of Appeals from Capitol Laundry.

It was moved by Commissioner Oeming, seconded by Commissioner Lee, that a meeting be held December 13, 1961, in the Council Chambers for the purpose of hearing an appeal in the case of Capitol Laundry.

Motion carried.

The Secretary was instructed to notify all involved.

Mr. Pesterfield reported that Industrial Laundry, in the presence of the State Boil-

er Inspector, had had their boiler cleaned. The boiler was subsequently fired and presented no problem. They have indicated that they will continue this cleaning on a regular basis.

Case closed.

Mr. Pesterfield reported that the situation at Atlas Drop Forge has been improved considerably since they cleaned the boiler breeching. They are injecting a high pressure steam column directly into the breeching to knock down the solids. A re-education program has been instituted for the firemen to insure proper firing techniques. Mr. Pesterfield was instructed to continue checking the plant and report progress made.

The next meeting will be held December 13, 1961, after the hearing before the Board of Appeals.

The meeting was adjourned at 8:30 p.m.

Respectfully submitted,

MARVIN S. RAY,
Chairman.

NORMA DONOVAN,
Secretary.

F/B

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, December 16, 1961

The regular meeting of the Air Pollution Control Board was held Wednesday evening, December 13, 1961, at 9:05 P.M., in the Council Chambers, City Hall, Lansing.

Commissioner Ray, Chairman of the Board, presided.

Present—Commissioners Ansley, Bintz, Crist, Fink, Lee, Oeming and Ray—7.

Absent—Commissioner McClure—1.

Guest—Mr. Jack Warren, City Attorney.

Mr. Warren discussed the Air Pollution Section of the Code of the City of Lansing,

pointing out the powers of the Board and the weaknesses and inconsistencies of that Section of the Code. He pointed out that the Engineer has the power, through the Board, to "summarily abate" a violation at any time or place.

The next meeting of the Board will be held January 24, 1962, at 7:30 P.M., in the City Hall.

Respectfully submitted,

MARVIN S. RAY,
Chairman.

NORMA DONOVAN,
Secretary.
